

2016 Roses in Review

DON SWANSON • RIR NATIONAL COORDINATOR • DONSWAN45@AOL.COM
6336 N 105th Avenue • Omaha NE 68134-1065

YOUR HELP IS NEEDED TO EVALUATE NEW ROSES!

THE 2016 ROSES IN REVIEW SURVEY (RIR) MARKS THE 91ST TIME members of the American Rose Society will evaluate new rose introductions. A broad base of participation is needed to make this project worthwhile. We need your evaluations, whether you grow one of the varieties on the survey list or dozens of them. We welcome evaluations from you whether you are a new rose grower, a "garden" rose-grower or a seasoned veteran grower; whether you grow roses for your landscape and garden or if you also grow them to exhibit or arrange. We are happy to get reports from non-ARS members as well, so pass a copy of this booklet along to all your rose-growing friends (and encourage them to try an ARS Trial Membership as well.)

Results of the survey will be included in the January/February 2017 issue of *American Rose* and will determine ratings in the *ARS Handbook for Selecting Roses* as well. For these results to be meaningful, we need everyone to participate. So please, take a few minutes of your time to evaluate your new roses. We hope you will use the online reporting method at the ARS website, www.rose.org, but if you are not computer proficient, fill out and mail the form on the following pages (make photocopies if needed) to your district's RIR Coordinator. (See the list of Coordinators in this insert to find your coordinator.) The website may not be ready until the end of June. Only evaluate the roses you grow that are on the list of cultivars following the forms.

Roses included in the survey have generally been on the market one to four years and are available commercially. This year again, we have a "Special Group" of cultivars which did not attain a rating first time through the RIR. Hopefully we can get ratings for these older roses as well.

Page two of this insert contains some directions for using the online survey method or for completing your paper report form. Please read the directions carefully to learn how the system works. One page lists the ARS districts with the name and address of the RIR Coordinator for each district. If you use the paper form, you should send it to the coordinator for your district. (If you do not live in the U.S., and want to use the paper form, please send it to me, Don Swanson.)

The online survey at www.rose.org will close at end of day, September 26th. Any paper forms submitted must also be in the hands of your district coordinator by that date. We urge you to use the online system, it's easy and it saves everyone a lot of work transcribing forms. Please take the time to report on all the varieties you grow that are on the RIR survey list.

Last year, the NCNH district won the race for the most reporters as usual; I challenge the other large districts to try to beat them. North Central district won yet again with the highest ratio of reporters to ARS members. These districts won bragging rights for their interest in growing new roses. Help make your district a winner in the survey by your participation and by encouraging your fellow rose-growers to participate.

If you are a Consulting Rosarian, check that box online or on the form. (If you are a CR and grow none of the listed roses, there is a check box online and on the form for you to report that.)

Please, participate! We want the benefit of your experience gained in growing these new roses to help others in selecting new roses for their gardens.

HOW TO COMPLETE THE RIR SURVEY

The first step, whether reporting online or on paper is to evaluate your roses that are on the survey list using the criteria below and recording it on the form for ease of reporting. Some of the information is not used at the National RIR level but will be used by your District RIR Coordinator in a district summary.

1. Cultivar and Class – record the name of the rose and the class (HT, Fl, Min, S, etc.) Keep all the roses of a given class together on the form for ease of reporting.
2. No. of Plants – the number of plants of this variety that you grow.
3. Years Grown – the number of years you have grown this variety. The year planted is the first year.
4. Garden Rating/Exhibition Rating - determine the ratings using the numerical system explained below. The garden rating is required, exhibition rating is optional.
5. Winter Hardy – check “Yes”, “Borderline” or “No”. If this is a new variety that has not been through a winter of if winter hardiness is not an issue in your area mark, “Don’t Know”.
6. Height – indicate if the cultivar grows “Tall”, “Medium” or “Short” for its type. A Hybrid Tea between two or three feet tall would probably be marked “Short” while a miniature of the same height would likely be “Tall”.
7. Mildew-Blackspot-Rust – check the level of disease you experience for the cultivar in each column. If you live in an area that doesn’t experience Rust, for example, leave it blank.
8. Fragrance – put a check at the appropriate level.
9. Like-Dislike – note the things you find uniquely satisfying or frustrating about this rose.

Rating the Rose

9.3 – 10	One of the best roses ever. These scores should be seldom used
8.8 – 9.2	An outstanding rose. Has major positive features and minor negatives – the top 1%
8.3 – 8.7	Very good to excellent rose. You would recommend it without hesitation
7.8 – 8.2	Solid to very good rose. Good features easily outweigh the negatives
7.3 – 7.7	A good rose. Somewhat over average
6.8 – 7.2	An average rose
6.1 – 6.7	Below average rose
6.0 and below	Not Recommended! (Don’t go below 5.0 as it will skew results.)

Garden Rating – consider the vigor and growth habit of the plant, the number of blooms and how quickly it repeats, the beauty and lasting quality of the blooms in the garden, fragrance, disease resistance, winter hardiness, and quality of the foliage. Don’t consider exhibition performance here.

Exhibition Rating – Only consider the primary competition class for this rose. Consider the form of the bloom or spray, its lasting quality, substance, color, stem and foliage, all other attributes that make for a successful show rose. Include the ability to bloom at show time.

Selecting a Rating Number – Determine which rating range describes the performance of the rose. Choose a score within the range to fine-tune the rating. Don't hesitate to use high or low ratings if they accurately describe the performance of the rose. If your plant is doing badly but you have seen it doing well elsewhere, and you believe you received a bad plant, don't penalize the rose. It's better to leave it out or rate it as you have seen it grown elsewhere. Again, don't use a rating below 5.0. You can consider how this rose performs against another, older, rose you grow. For instance, 'Mister Lincoln' is rated 8.3 – does the new rose grow better or worse than 'Mister Lincoln' for you?

Finally! Report Your Survey – We hope you will use the online reporting method – if not, mail your survey form to your district reporter at their address found on the accompanying map/ address page.

TO REPORT ONLINE, go to the American Rose Society web page www.rose.org. Click on "Roses in Review". Scroll down the page and click on and read "Instructions"

Register using the "New User" button on the bottom of the Instructions Page or on the Roses in Review main page. You must do this each year. Please enter all of the requested information. You will be able to access the survey page again using the e-mail address and zip code you record. If the report is for two people, place both names in the name block. Be sure to select your ARS district (and enter the name of your local society, if any.) If you are an ARS Consulting Rosarian, check that box. (If you are a CR and grow none of the listed roses, check that box also.) Click the "Register" button.

Review Your Roses - When registered, click on "Review Roses" at the bottom of the Register page or on the RIR main page. On the report page, select the correct group for the rose you are reporting on then press "refresh" to get the list for that group. Enter your survey results. Click on "Save" at the bottom of the page and repeat until you are done reporting. The "List Your Reviews" at the top of the page will allow you to see what cultivars you have reviewed. When done, close the page. You may return to review more roses using the e-mail address and zip code you registered. Thank You for Participating in the Roses in Review Survey!!

ROSES IN REVIEW RATING EVALUATION SHEET

Please use this evaluation form for rating your roses unless you are using the web site approach. You may photocopy this page. COMPLETED FORMS SHOULD BE IN THE HANDS OF YOUR DISTRICT RIR COORDINATOR BY SEPT. 26, 2016. Please fill out the forms as completely as possible, including any comments that will help us understand the performance of the roses.

**IMPORTANT: LIST ALL VARIETIES IN THE ORDER THEY APPEAR ON THE FOLLOWING PAGES.
FIRST SORT BY CLASS, THEN ALPHABETICALLY WITHIN EACH CLASS.**

Name #1 & Address: _____ CR? Y() N()

Name #2 & Address: _____ CR? Y() N()

E-mail: _____ Do you spray regularly? Y() N() Do you exhibit? Y() N()

List unusual conditions, if any _____ Local Rose Society _____

() I (we) don't grow any of the roses listed.
