

ARS MASTER ROSARIANS

Revised September 2021

Congratulations to those dedicated people who have been chosen to be Master Rosarians. This list includes Master Rosarians from inception of the program (2004) through this year's recipients.

Welcome to the Master Rosarian page. A Master Rosarian is the "cream de la cream" of the rose world. These are individuals who are dedicated to the rose and educating others so they can share in the love of our glorious hobby. This is not an honorary title, but one that is approved by several levels of ARS membership and earned by doing exceptional work.

To qualify as a Master Rosarian, a Consulting Rosarian (who needs three years of ARS membership to qualify as a CR) needs to serve the membership at least 10 years and continue to serve in various functions such as an officer of a local society or district, write articles for the local bulletins, lecture when asked, and attend and participate in various seminars, such as pruning demonstrations. This is a working honor, one not to be taken lightly.
